# Get a lot more than just a fair settlement

## We get our injured clients all the help they need

Yes, we make ICBC compensate you fairly;  
**however, we also:**

- ▶ Give you a **free initial consultation** about your situation
- ▶ Provide **full funding** for your medical treatments
- ▶ Help you **get loans** at reasonable rates
- ▶ **Protect you** from assessments by doctors hired by ICBC

## Don't put your settlement at risk

We'll tell you how to build a strong claim.  
And how to avoid the pitfalls many face when dealing with huge bureaucracy.

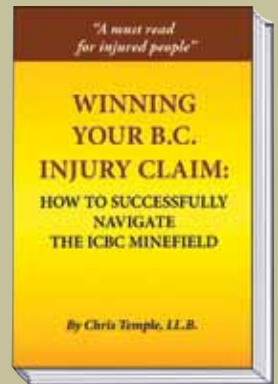

## One website explains it all

### [icbcinjurylawyers.ca](http://icbcinjurylawyers.ca)

You'll find straightforward answers to the 60 most common questions people ask us about ICBC injury claims. We've also listed the 13 most frequent errors people make, and tell you how to avoid them.

## Our book of Q & A's

We also offer a free copy of a book written by our senior lawyer, Chris Temple, on how to navigate the ICBC minefield. It's easy to order from our website.

In addition, we have a collection of articles on the present medical knowledge of various injuries to share with you.

Just ask us.

## *We fund your treatment*

We created the “**Client Assistance Program**” to help you with the cost of your medical treatments.

If you’re our client, we will pay:

- ▶ All your user fees or surcharges
- ▶ All your fees for treatments
- ▶ Private MRI’s within days

if recommended by your doctor and if ICBC or your extended health plan won’t cover them.

We will claim reimbursement from ICBC at the end of your case.

## *A loan if you need it*

If you need financial help while you can’t work, we can help arrange a loan for you. And we’ll make sure it’s with a lender that charges a lower rate of interest.

## *Questions about your claim?*

If you take advantage of our free initial legal consultation, we’ll be happy to answer any questions you may have.

## *The settlement you deserve*

We have 32 years of building strong legal cases for our injured clients. Unlike an ICBC adjuster, our loyalty is to you alone. What’s more, we only act for injured people. Unlike many other law firms, we never represent ICBC, so you always know whose side we’re really on. We’ll work with you to build your claim to get you the fair result you deserve.
